An outline was given to all present - Outlining the first course of action (enclosed)

We chose to use the Annexation without an election method to start for reasons of ease and economy.

John and Junt are scheduled to go to assessors office on Thursday 2/13/97 to check on population on possible annexed area and to get a detailed map of the area to help us decide on the boundary lines we want to draw for submission to the County Commission.

Decided next meeting would be our normal first Tuesday of the month and at that time we would discuss findings - draw boundaries and prepare for submission.

To the Town Council of Flatwoods
From John Clise

Council,

Due to my recent marriage and relocation to Bridgeport I regretfully must tender my resignation as Mayor of Flatwoods.

I have enjoyed my time as Mayor and greatly appreciate your help and support during my terms in office.

Please continue current V.F.D. plans as well as plans to build a municipal building. Which will certainly make the day to day operations of Flatwoods much easier and convenient for all parties concerned.

Thank-you again for generous help and support

Sincerely,
